Life Skills Program

Sept 2025 Gratitude

SEDRA FOUNDATION

Love | No One Left Behind | Inclusion

Topic of the Month: Healthy Communication

The SEDRA theme of September is **Gratitude**.

Gratitude can help people see the world with compassion and "rainbow-colored glasses".

Think of examples where your rosy colored glasses changed your perspective on a situation.

This helps you think clearly, stay calm, be more forgiving and treat others with respect when there is a problem or disagreement.

Sometimes having big emotions can impact your relationships with other people. It is always important to look at different perspectives when approaching a conflict or a misunderstanding.

This month we will explore **healthy communication.**

Healthy communication means talking and listening in a kind, honest, and respectful way — even when you don't agree.

Sometimes having big emotions can impact your relationships with other people. It is always important to look at different perspectives when approaching a conflict or a misunderstanding.

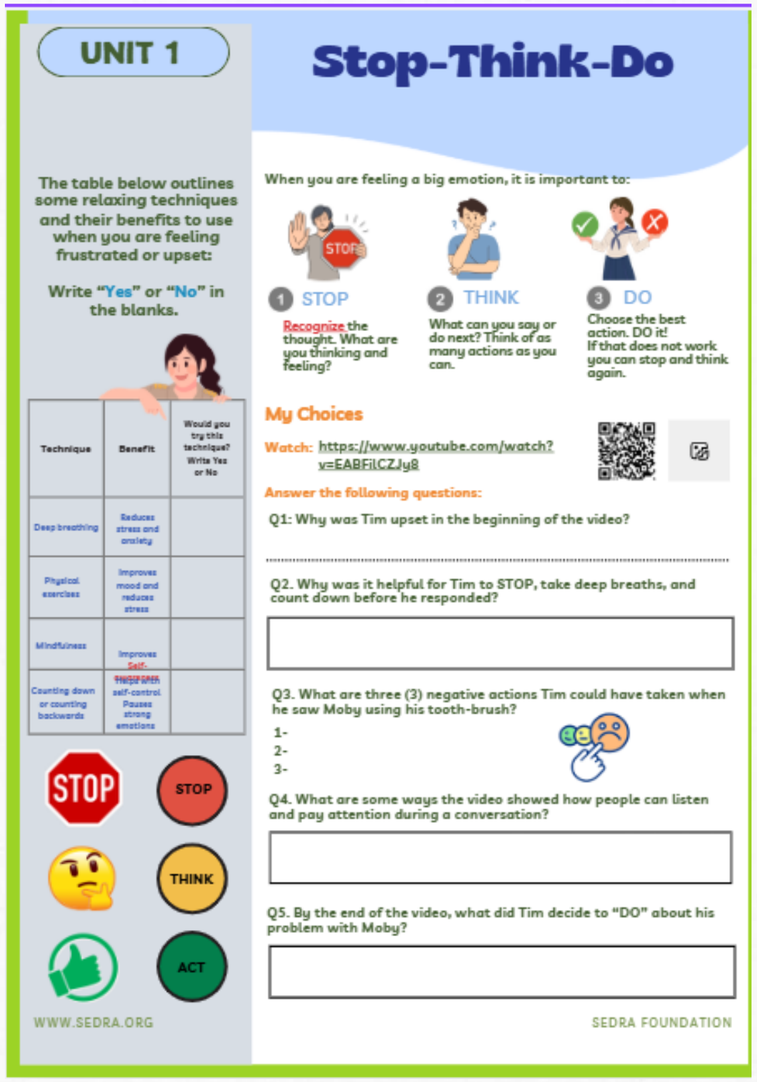

Having a positive mindset helps us stay calm, listen better, and speak kindlier. By using gratitude, we can turn conflict into a chance to understand each other better and build stronger relationships.

When you feel a big emotion, it might take over and you might say or do things in the moment that you regret later.

In this module you will:

- **Understand** what it means to disagree respectfully
- **Approach** conflicts with empathy and gratitude
- Shift perspective from focusing on the negative to recognizing the positive
- **Build** strategies for navigating disagreements and misunderstandings effectively
- **Learn** to strengthen communication through active listening and verbal acknowledgment
